1. Each person charged with taxes for the year 1914 on the tax duplicate of Medina County is required by law to pay one-half of said tax on or before the 20th day of December, 1914, and the remaining half on or before the 20th day of June following, but may at his option pay the full amount of such taxes on or before the 20th day of December, 1914, and when not so paid penalty attaches.

2. Real estate on which any portion of the taxes for 1913 remains unpaid will be sold on the second Tuesday in February, 1915, unless the taxes are paid before that date for such unpaid portions, and the entire taxes unpaid for 1913. Taxes delinquent from last June should be paid on or before December 20th, to avoid property being advertised for sale.

Property stands charged on the County Treasurer's books in the name of owner on Feb. 1st, 1914, and the duplicate delivered to the Treasurer in the fall remains unchanged for one year.

Bring or send your last tax receipts or complete list of your property. This will be a help to us and avoid errors.

When writing for statement, or remitting for taxes, stamped envelope should accompany request, and property must be clearly designated as to ownership, location and township.

SPECIAL NOTICE

Tax payers are also notified that the treasurer will not be held responsible for any money deposited with outside parties for payment of taxes until received in the hands of the treasurer when his receipts will be given for the same.

When you pay your taxes, be sure you pay on all your property, as this is your business and not the business of the treasurer.

The school levy given opposite each township applies to all the property of the township school district including the attached territory of other civil townships.

*Includes additional levy authorized by vote of the people.

Office hours: 8:00 a. m. to 4:00 p. m. Sundays and Holidays Excepted Saturdays close at noon.

Treasurer's Office, Medina, Ohio, Oct. 1, 1914.

TREASURER OF MEDINA COUNTY.

The above subject will receive special attention at the Agricultural Extension School at LeRoy during the week beginning Dec. 28 to Jan. 1.

The stability of any farm community depends on the fertility of the soil. Originally most of the new, rich land in Ohio secured from the government at a ridiculously low cost, was very fertile and produced bountiful crops with much less labor than is now required to produce smaller crops. In those early days the old saying that "any fool can farm" was almost the truth. Plants

require food just the same as livestock requires feed. For several generations much land has produced crop after crop and has received little or no assistance in the work other than annual plowings and subsequent cultivation. At the present time, however, the farmers of Ohio are paying \$4,000,000 annually for fertilizers. The fertilizers purchased are used to supply plant food and to stimulate the soil to allow the plants to draw more and more on the supply of plant food already in the soil. Although the money spent in purchasing fertilizers in this community may be, and prob-

ably is, well spent, undoubtedly a tention of fertilizers, of the function that each ingredient has to perform, and approximately what a fertilizer of any given analysis should cost per ton will enable our farmers to make a more judicious use of fertilizers. There may be some opportunity to improve the quality or the quantity of crops being grown in this region or it may be that other kinds of crops will suit our conditions better than those now grown. The specialists from the College of Agriculture have given these subjects much study and are in a position to give our farmers assistance.

WADSWORTH

Mrs. Harry Simester received word on Friday of the death of her father in Marshallville and left for that place to attend the funeral on Sunday.

Prof. F. L. Lytle and family on Friday attended the funeral of Mr. Lytle's uncle, who died at Strongsville and was buried at Bennett's Corners.

Everett Kremer of Cleveland spent Saturday in town.

The meeting of the Sorosis club with Mrs. J. B. Irwin on Monday was a delightful occasion. A cantata, "The Golden Valley," was given by members of the club. It is based on an old Basque legend dating from near the close of the eleventh century. The members participating were: Mrs. Thomas Donnelly, Mrs. J. B. Irwin, Mrs. C. A. Bolich, Mrs. William Overholt, Mrs. W. L. Warner and Miss Mills.

Wadsworth sporting blood will give vent to itself throughout the winter in a town basketball team, which has been recently organized. The armory hall, where the games are to be held, was equipped with baskets and otherwise fitted up for play on Saturday, and the large room, with ample space for spectators, will allow the game to be played in the best possible way. No games have as yet been scheduled but the
